

VC Fusion Player Profiles

For this assignment, each player will be given their player profile. Part 1 is a self-evaluation and Part 2 is a comparison to a professional player.

With your assigned player profile, each player must find a player in World Football that plays your position and compare their attributes to you. This will get you thinking about what you do well in your role and what you need to work on and give you a full understanding of what you need to do to be top level in their position. Please note, there are no bad answers in this assignment but simply areas we are good at and areas we can improve on.

On Page 2, there is a roster with positions assigned. Use these positions as your assigned player profiles for the assignment.
