

Skills Clinic

We are pleased to announce the full schedule of our YSA PDL Player Skills Clinics. These clinics are FREE and open to all VC Fusion YSA players. Being part of the Ventura County Fusion allows Academy children to take part in these clinics.

These clinics will be coached by our very own PDL players, who will work with our youth players addressing ball mastery, essential skill sets and decision making within the game.

This will be a valuable coaching tool for our youth program so please ensure that these clinics are well advertised within your respective teams and encourage your players to attend as part of there overall soccer development.
