

2013 Pre Club Academy Program

PRE CLUB ACADEMY

2013 / BOYS AND GIRLS PROGRAM

VC FUSION ACADEMY PROGRAM REGISTRATION FOR PLAYERS BORN IN 2013

Program begins November 4th 2019 - March 31st 2020

Mondays & Wednesdays 3:15pm - 4pm

No sessions on Dec 25th, 30th & Jan 1st

Our expertly designed program will teach boys and girls born in 2013 a love for the beautiful game of soccer.

The classes will cover motor skills, coordination and introductory soccer skills for a fun-filled soccer and play-oriented learning. The program is designed to help develop the mechanical and motor skills needed for not just soccer, but for everyday life as a young child.

The objective is for players to be developed in the Fusion Coaching methodology and it leads to the formation of club teams in the Fusion Youth Soccer Academy in the Spring 2020.

All players receive professional training from Fusion staff coaches. The player's individual skill

development and enjoyment is at the heart of the program. The players play 4v4 to maximize touches and enjoyment. This is in relation to the USSF small-sided rules and regulations. We also introduce 7v7 soccer for future development.

Players will be in a professional training environment beginning with two sessions a week on Mondays and Wednesdays. Both sessions will involve technical skill development and small sided games & scrimmages.

Package includes: VC Fusion training shirt, two days club training per week, field rental, administration fees and access to other club resources.

Club Registration Cost: \$175 due on registration.

Tuition Fee: Coaching Fees \$60 a month from Nov 2019 - March 2020 charged on the 1st of every month.

Coach: Pat O'brien

Coach Pat is a US Soccer B License coach with over 20 years of coaching experience. Coach Pat has taught numerous players in the past who are now either playing in college or in the professional ranks around the world.

Location: Ventura Community Park, 901 S Kimball Road, Ventura, CA, 93003
